Hawaii Department of Education
ESSA Hawaii Qualified Teacher
Allowable Uses of Funds – Title IIA

Great teachers, principals, and other school leaders (collectively, educators) matter enormously to the learning and the lives of children. The Title II, Part A program is designed, among other things, to provide students from low-income families and minority students with greater access to effective educators. It is critical that State educational agencies (SEAs) and local educational agencies (LEAs) consider how to best use Title II, Part A funds, among other funding sources, to ensure equity of educational opportunity. New provisions in Title II, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA), offer new opportunities to more effectively attract, select, place, support, and retain excellent educators; revisit traditional uses of these funds; and consider new and additional uses of Title II, Part A funds that are innovative and evidence-based.

ESSA Title II A PURPOSE: “SEC. 2001. PURPOSE. The purpose of this title is to -

1. Increase student achievement consistent with the challenging State academic standards;
2. Improve the quality and effectiveness of teachers, principals, and other school leaders;
3. Increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools;
4. Provide low-income and minority students greater access to effective teachers, principals, and other school leaders.

The Hawaii Department of Education Leadership has prioritized and established Title IIA guidelines to meet the goals and objectives of the Title II A program requirements aligned to the Hawaii Department of Education Strategic Plan.

Any expenditure of Title IIA funds shall meet the requirement for the Every Student Succeeds Act (ESSA) Hawaii Qualified Teacher Allowable Uses of Funds. Any other expenditure is prohibited.
