How to Access the Teacher Qualifications Report in eHR for HQ

School Year 2026-2027

For instructions on accessing the eHR for HQ site, please refer to Document 1f of the ESSA HQT Handbook.

Within the School Reports tab, there are additional reports available in addition to the summary report for your school. The reports are as follows:

- | | |
|---------------------------------|---|
| • Teacher Qualifications | Displays HQ/NHQ teachers and HQT by subject |
| • Non-Hawaii Qualified Teachers | Displays list of NHQ teachers |
| • NHQ History Report | Displays current and past NHQ teacher for school year |
| • Assignments Preview | Displays assignments from SIS or eHQ (non-SIS PCS) |
| • Individual Progress Report | Displays a monitoring report for your NHQ teachers |
| • Equity Plan Report | Displays licensure status of your teachers |

The “Teacher Qualifications” report is partially included in the summary page, and provides a school’s overall HQ/NHQ percentage and counts/percentage by core subject area. It differs from the summary in that the chart/graph allows for “drill down” using the “Data View” button to view the underlying data (the teachers and their assignments or HQ records).

The second half of the Teacher Qualifications Report (Data View portion) displays the HQ/NHQ class and teacher counts by subject. You can page through the different subjects and select the subject you want to view by clicking on the subject area of interest.

In the example below we have select the subject “Arts” and by double-clicking on the subject we can see the two tabs for Hawaii Qualified (HQ) and Non-Hawaii Qualified teachers and class combinations.
