Basics

Important Notes / Tips:

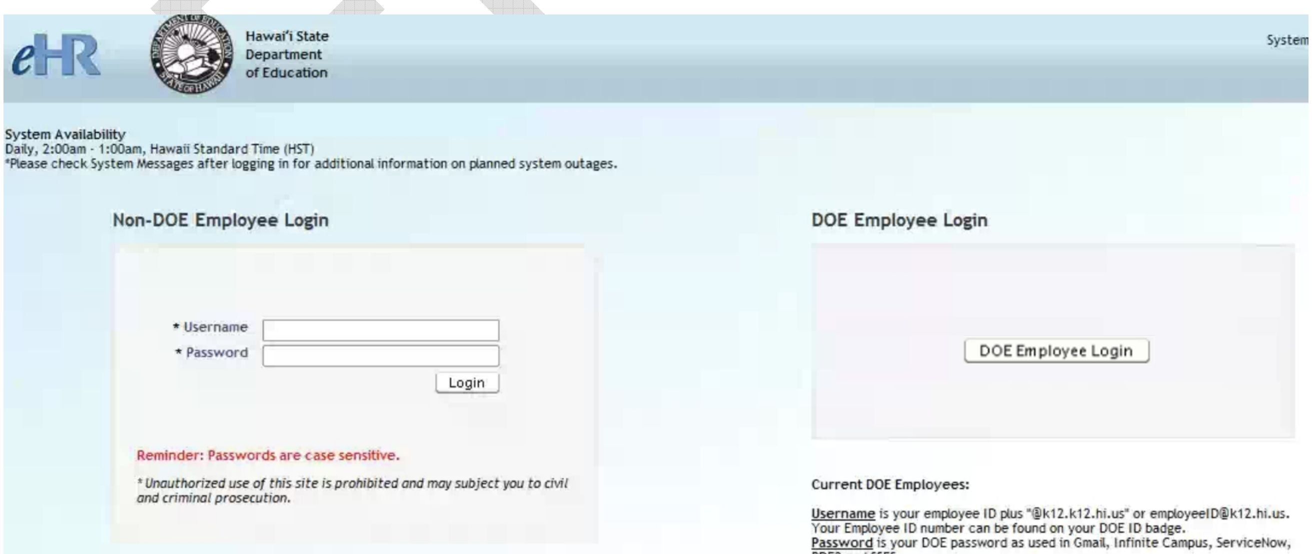
- DO NOT use the internet browser back arrow.
    - If you accidentally click the back arrow, try clicking on **refresh** to see if your connection can be re-established.
- For security purposes the system will automatically time out after thirty (30) minutes of inactivity. Five minute warning messages will pop-up before you are logged out.
- 'Ctl F' will bring up a search function within your internet browser. This can be helpful when looking for data.

Logging into the CHAP eHR System via the CHAP Portal

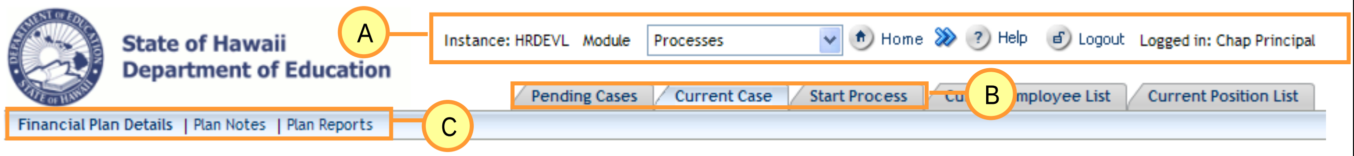
Important Notes:

- A DOE Azure AD Password is necessary. This the same password used for Gmail, PDE[3], Infinite Campus and ServiceNow.
- If you do not have a DOE Azure AD Password or are experiencing log in difficulties, please contact the Centralized Service Desk at (808)377-8320 between the hours of 7:45am and 4:30pm HST Monday through Friday except on State/Federal holidays.

1. Open up an **internet connection** (i.e. Edge, Chrome, Mozilla Firefox, and Safari).
2. Type in the URL address: **http://hidoeotm.org**
3. Click on **Launch eHR**.
4. Click on the DOE Employee Login button, you will need your Azure AD **User Name** and **Password.**
    - Your User Name is your Employee ID Number and @k12.hi.us. Your Employee ID may be listed on your DOE ID Badge.
    - Your Password is your DOE Azure AD Password which is the same as you use in DOE Gmail.
    - After clicking the DOE Employee Login button you will see the Azure AD user name and password screens.



Menus and Tabs



A **Standard Module Navigation Menu**

Title	Description
Module Dropdown Menu	Enables access to different modules.
Home	Returns user back to the Home Page from any module.
Help	Opens the Help feature (pop-up window) which provides useful information specific to the page being viewed. • For example, clicking on Help from the Financial Plan page will bring you to a Help page that contains a menu window which allows you to access a variety of Help topics such as the Financial Plan Screen Overview, Screen Actions, Quick Sheets, etc.; while clicking on Help from the Reports page will bring you directly to a Help document summarizing how to use the report functionality.
Login/Logout	Displays user name and enables user to log out from the system.

B **Case Tabs**

Title	Description
Process Case Definition: For each process that exists, a process case represents an instance of that process. For example, "Prepare Projected School Financial Plan" has been defined as a process. By creating a new case, the user will have created a unique process case for maintaining their Financial Plan.	
Pending Case	Displays cases that require some action by the user. Click on the checkbox next to "Show All Cases" to view all cases the user has been or is involved in.
Start Process	Enables user to create a new case.

C **View Selections**

Title	Description
Financial Plan Details	Screen to input Financial Plan Details by Plan Section and Character.
Plan Notes	Screen to input Notes.
Plan Reports	Lists all reports for the Financial Plan.

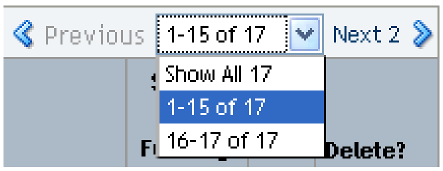
Icons and Navigation

Title		**Description**
Dropdown menus	Select an Action	Downward blue arrows indicate dropdown menus which are predefined options from which users may select.
Flashlight		The Flashlight icon indicates a "look up" feature that allows users to view and select specific information. Alternatively, information may be keyboarded directly into the field.
-Hide	Hide	Hides additional information about a specific record.
Memo Pad		Clicking on the Memo Pad icon will bring up a text editor window.
Page Title	Example: Fill Position	The Page Title is displayed at the upper left of the screen. The Page Title describes the action that is being performed. In this example, the page title is called "Fill Position".
Radio Button		Radio Buttons enable users to select specific items, in this case a specific record, on which to work.
Required Fields	*	The asterisk indicates this is a required field. The system prevents users from moving forward with a specific task if a required field is not completed.
+Show	Show	Displays additional information about a specific record.
Keyboard Shortcut Keys (Alt+*shortcut letter*) or (Alt+Shift+*shortcut letter*)	Example: Add Row	Buttons with text that contain an underlined letter indicate that the button can be executed with a keyboard shortcut key. Depending on the browser being used, this can be done by using Alt+*shortcut letter* or Alt+Shift+*shortcut letter*, where the shortcut letter is the letter underlined. Refer to your browser's documentation for more information. For example, in the Financial Plan Details screen, you can add a new row by using Alt+A or Alt+Shift+A.

Record Display

All Record Display
Some pages default to displaying all records.

Select Number of Record Display
Other pages default to a set number of records. For example, the Financial Plan displays just the first fifteen (15) records. Additional records may be displayed by using the dropdown menus, or the previous and next buttons.



Sorts and Filters

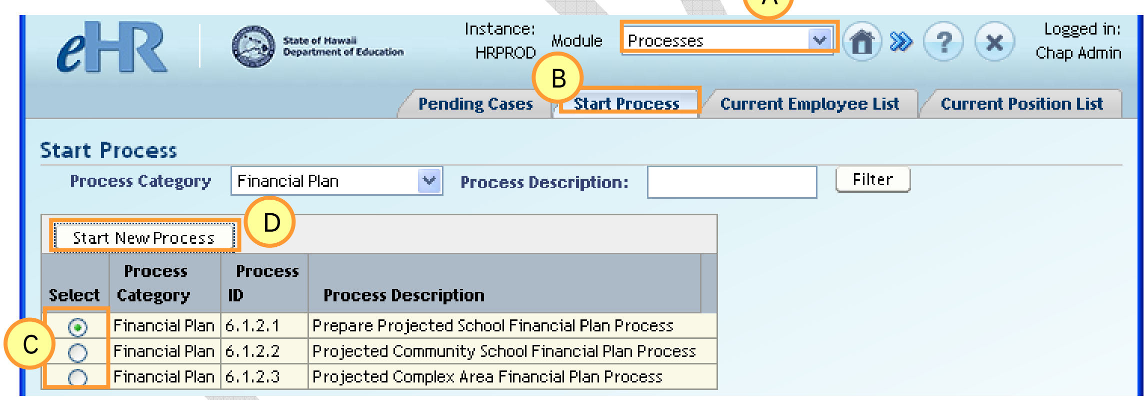
	How to Sort/Filter	How to Return Information back to original view
Sorting by Columns	Click the **column header** to quickly sort information displayed in a table. • For example, clicking on the column header for Prog ID, will sort records in ascending order numerically by Program ID. NOTE: Only column headers in *italics* are sortable. The **default sort order** for Plan Details is by Fund Source, HR Categ, Prog ID, Exp Obj, Line Item No, and Suborg, with user-added rows showing first.	Click **Reset Sort**.
Filters/ Quick Search	Specific modules have a basic search feature which allows for the entry of criteria for record selection. Filters may be a dropdown or a textbox. Enter text to search for into textboxes and/or select criteria from dropdowns and click on **Filter/Find**.	Erase the filter criteria and click **Filter/Find**. • The Reset Sort button does **not** apply to filters.
Advanced Search	Specific modules also have an advanced search feature which allows for the entry of multiple criteria with several options for record selection. Filters may be a dropdown or a textbox. Enter text to search for into textboxes and/or select criteria from dropdowns and click on **Find**.	Click **Quick Search**.
Searching Using Wildcards (%)	The % key is used as a wildcard and can be used in textboxes with **Quick Search** and **Advanced Search**. It can be used before and/or after a portion of the information you are looking for. For example, to see both 10 and 12 month Elementary positions, type in %elem% to pull up all positions that have "elem" as a part of their title.	

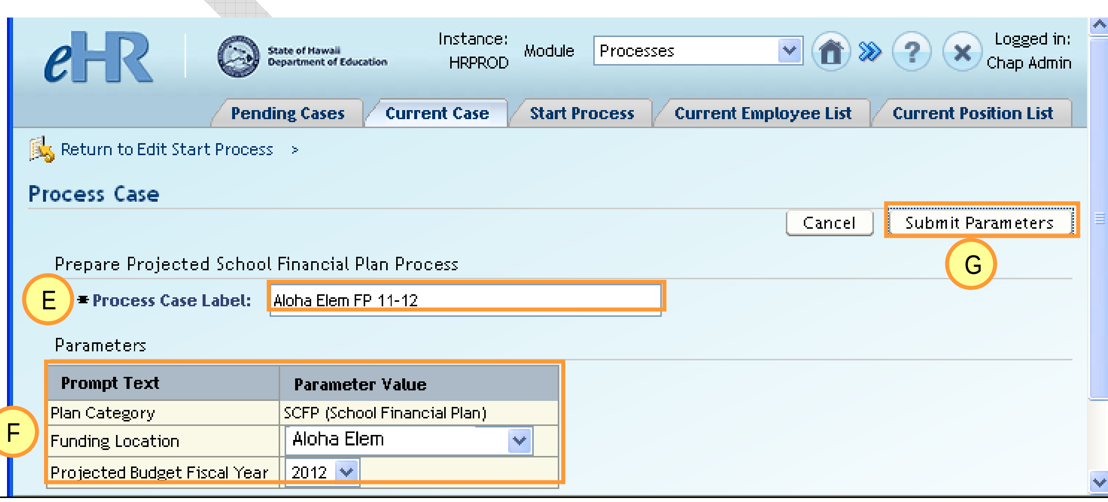
Getting Started

Initiating a Financial Plan

Description: This process is used to generate the Financial Plan.

1. Under ***Module*** dropdown, select **Processes**. A
2. Click on **Start Process** tab. B
3. Select one of the following options:
   6.1.2.1 - Prepare Projected School Financial Plan Process.
   6.1.2.2 - Projected Community School Financial Plan Process. C
   6.1.2.3 – Projected Complex Area Financial Plan Process.
4. Click on **Start New Process**. D
5. Enter a **Process Case Label**. E
   - For example, when you initiate a Financial Plan for the first time you may want to label your case ***School Name* FP YY-YY** (i.e. Aloha Elem FP 11-12).
6. Select your **Funding Location** and **Projected Budget Fiscal Year** from the dropdown lists. F
7. Click on **Submit Parameters**. G





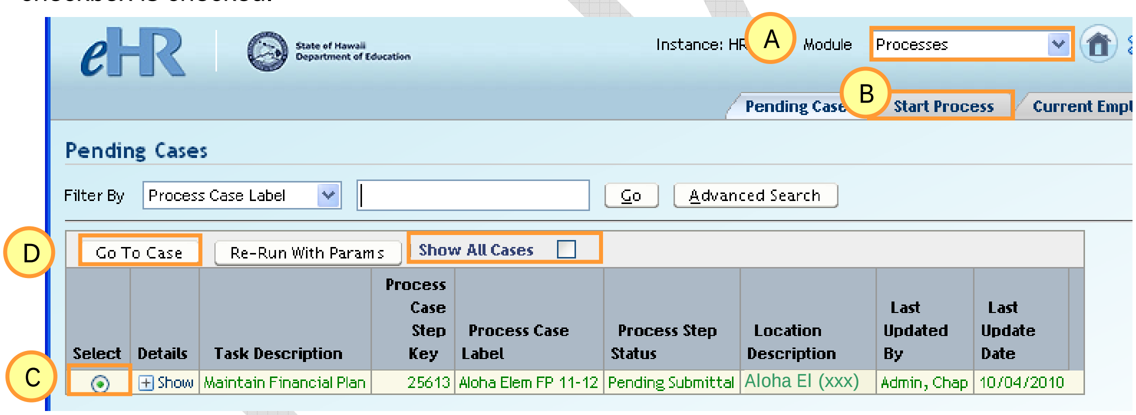
Logging Back into an Existing Financial Plan

Description: This process is used after a Financial Plan has been generated.

1. Under ***Module*** dropdown, select **Processes**. A
2. Click on **Pending Cases** tab. B
3. Click the “select” radio button for the desired Financial Plan case. C
4. Click on **Go To Case.** D

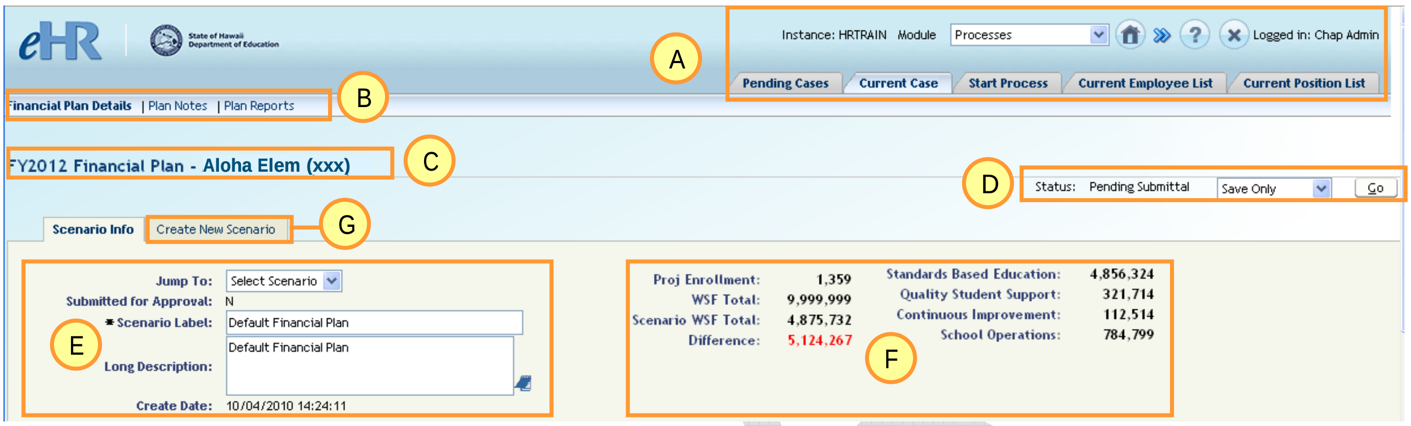
Notes:

- Alternatively, you can click on the “Go to Pending Tasks” button in the Messages box from the Home page for steps 1 and 2 above. The Task, Case Label, and Location columns will probably be the most helpful in finding the desired Financial Plan case.
- Immediately upon opening, the scenario shown will be the scenario submitted for approval or the scenario last created/modified.
- By default, the Pending Cases tab will only show Pending Cases that the user needs to take action on. For example, if a Financial Plan has already been approved, the case will not show in the Pending Cases tab by default. To see all cases, make sure that the “Show All Cases” checkbox is checked.



Screen Overview

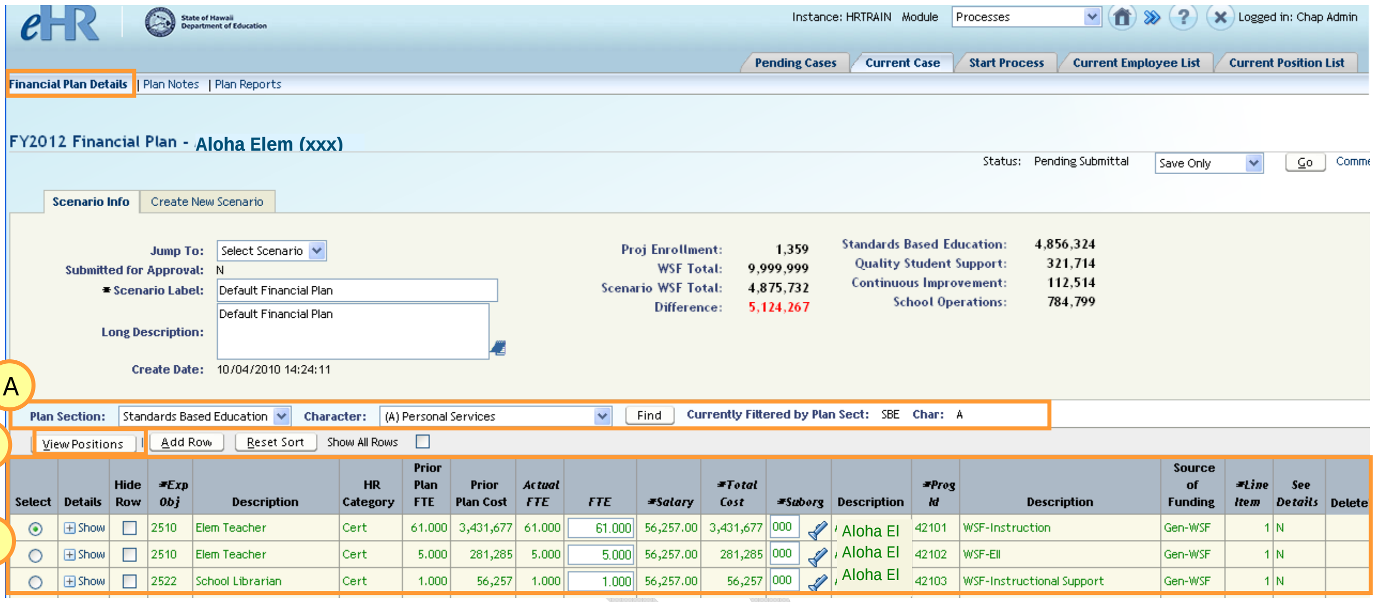
The CHAP eHR Financial Plan process has several screens: the **Financial Plan Details**, **Plan Notes and Plan Reports** screens. Though the information provided on each of these screens may vary, the structure and functionality of these screens are very similar. The same navigational aids and summary information are repeated at the top of each Financial Plan screen.



- **A** Aids that allow you to navigate throughout the CHAP eHR system.
- **B** View menu bar that allows you to navigate through the Financial Plan screens.
- **C** Title for the current Financial Plan Process Case.
- **D** Indicates the status of the current Process Case and allows the user to take action on the current Process Case. The actions available to you are dependent upon your system authorization.
- **E** The Scenario Info section provides basic information about the selected scenario and an aid that allows you to navigate through Financial Plan scenarios. **** The scenario being submitted for approval will be identified with a "Submitted for Approval" flag equal to "Y" and a check mark in a green circle. This indicates that the scenario was submitted for approval and does not necessarily mean that the scenario was approved.**
- **F** The Plan Totals section summarizes the selected Financial Plan scenario's WSF total cost, scenario total cost, the difference between the WSF & scenario costs and the selected location's projected enrollment count.
- **G** The Create New Scenario tab allows you to create new scenarios by either cloning the current scenario or creating a new default scenario.

Below is a general overview of the Financial Plan screens and some of their basic functionality.

Financial Plan Details

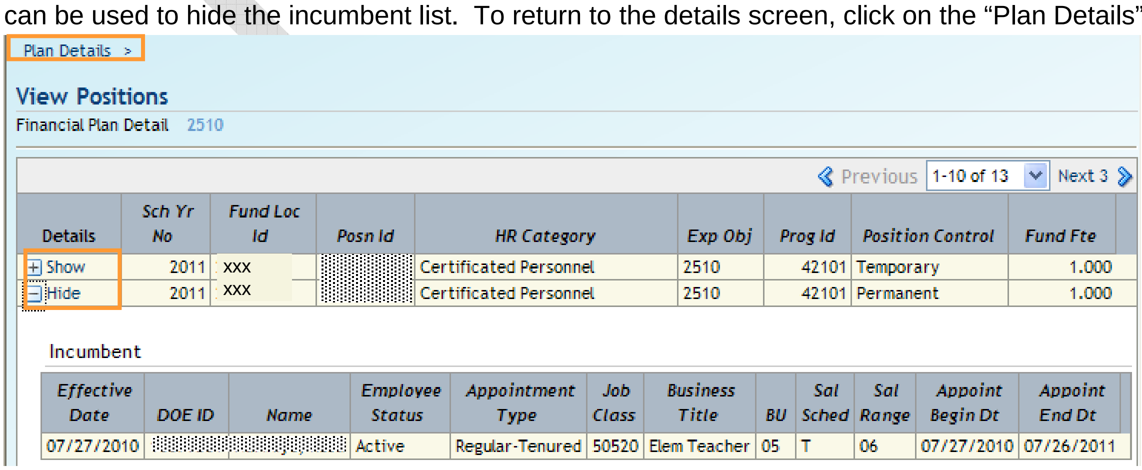


A The **Plan Section** and **Character** dropdown lists allows the user to select or filter Financial Plan Details by the specified **Plan Section** and **Character** values.

You must click the **Find** button to request a new selection. On the right of the **Find** button is an indicator for the **Plan Section** and **Character** currently being filtered.

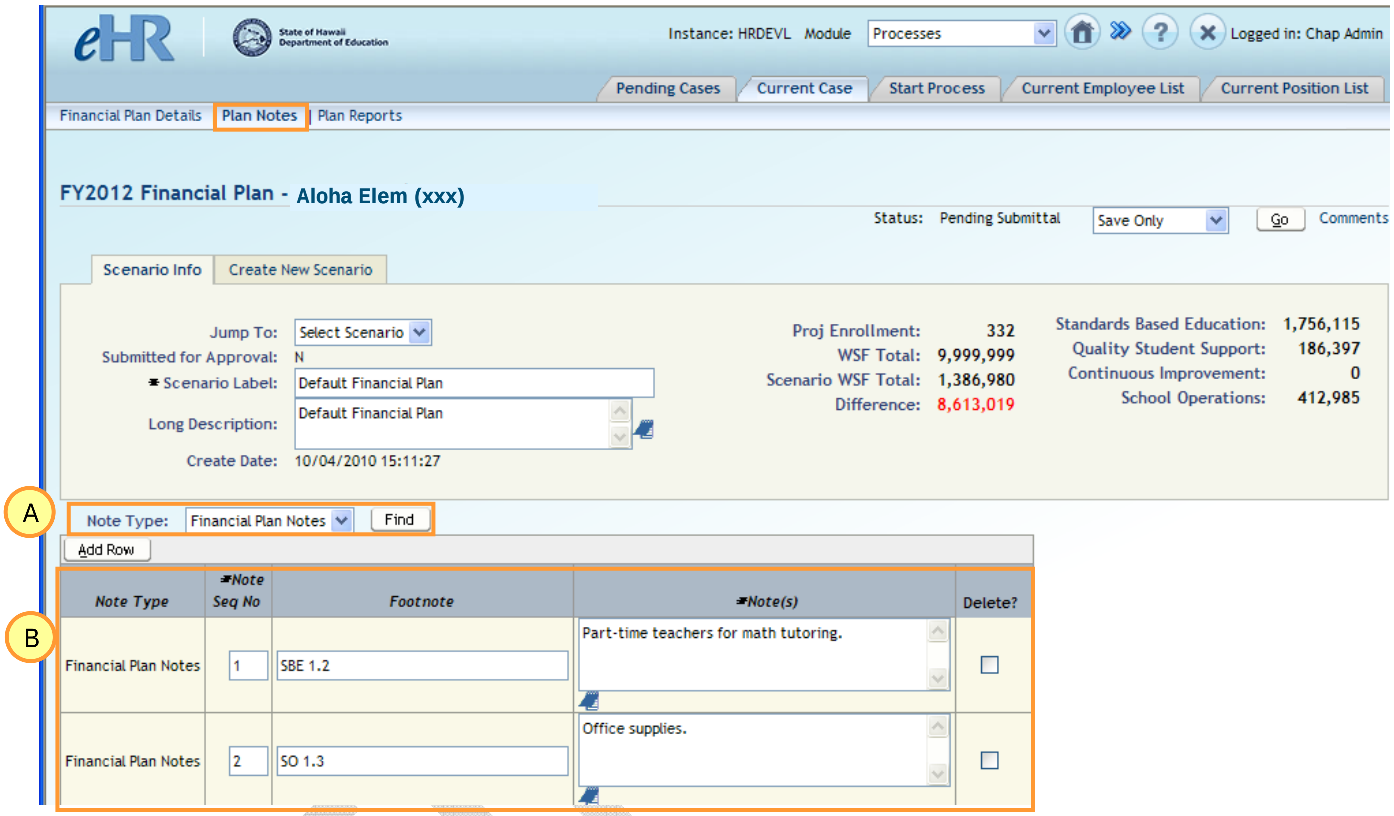
B The Plan Detail section is where you can view the prior year's detail values, enter current year values, insert new detail rows and in some cases remove detail rows. The data in this section can vary depending on the **Plan Section** and **Character** you are viewing.

C The View Positions button is visible if the selected detail row is in Character A. Clicking on the button will bring you to the **View Positions** screen, which lists all the positions associated with the selected Plan Detail row. From the **View Positions** screen, you can view an incumbent list by clicking on the show details icon for a specific position. Once clicked, the "Show" icon will change to the "Hide", which can be used to hide the incumbent list. To return to the details screen, click on the "Plan Details" link.



Plan Notes

The **Plan Notes** screen allows you to enter or view notes for the selected Financial Plan scenario. There are two different types of notes, Financial Plan Notes and Carryover Notes.



A The **Note Type** dropdown list will allow the user to select or filter plan notes by the specified value. You must click the **Find** button to request a new selection.

B The notes detail section is where you can view or update existing notes, insert new notes or delete notes.

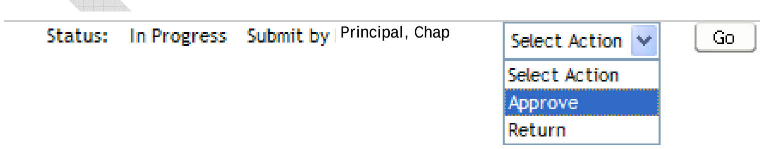
2. **Enter comments** in the box next to Approve. Click on **More** for additional space for comments.
3. Click **Go**.



AMENDED FINANCIAL PLANS

The purpose of the Amended Financial Plan is to provide a planning tool to use throughout the school year to reflect changes in the uses of resources available at the school.

There is no submittal / approval process for the Amended Financial Plans.

IMPORTANT NOTE: The Amended Financial Plan is **for planning purposes only**. Any changes made in the Amended Financial Plan **do not interface** with Budget, FMS, or initiate the establishment or abolishment of positions.

Basic information

- Projected Plan Rows cannot be edited or deleted.
- If Total Cost of an existing row = 0, row can be hidden.
- To create Plan Amendments, user adds new plan detail or plan notes rows to reflect the change.
- User cannot add character "A" rows using WSF or CSA Program IDs.
- Any completed buy/sell requests will automatically add a character "A" row in the Amended Financial Plan.
- The "DIFFERENCE" amount in the Scenario Info section will change based on adjustments made to plan detail rows using WSF or CSA Programs in the Amended Plan.
- Financial Plan Amendments may be made from June through May.
- Amended Financial Plans are not official and do not need to be submitted to or approved by your CAS.

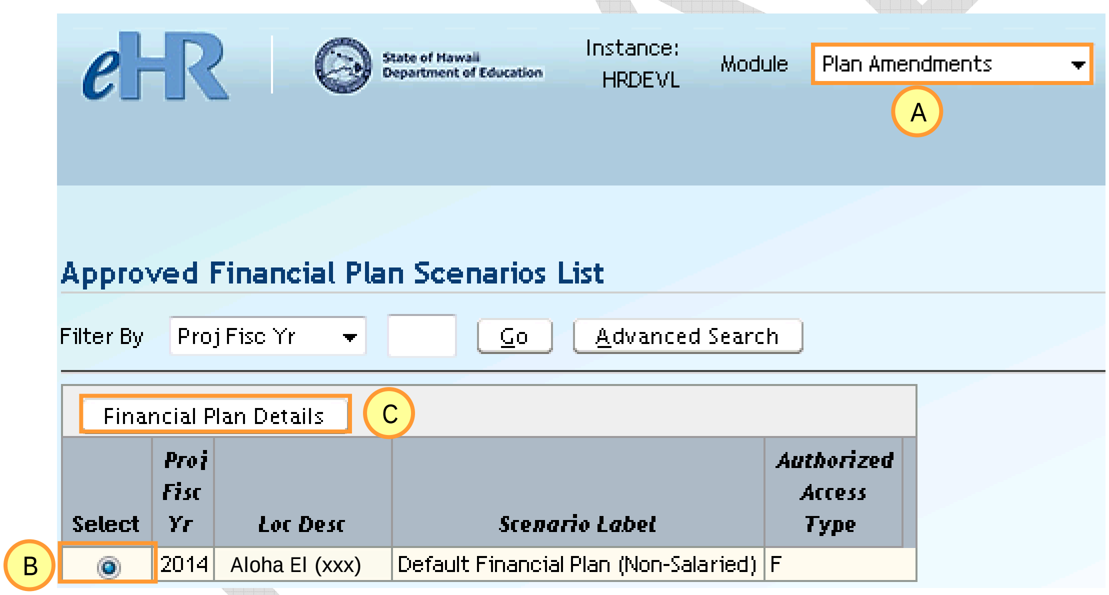
Getting Started

The Amended Financial Plan is not process driven, so users will not have to start a process case before accessing their Amended Financial Plan. However, a school will need to have a final, approved Comprehensive Financial Plan before an Amended Financial Plan is available.

Accessing the Amended Financial Plan

Description: This process is used to access the Amended Financial Plan module.

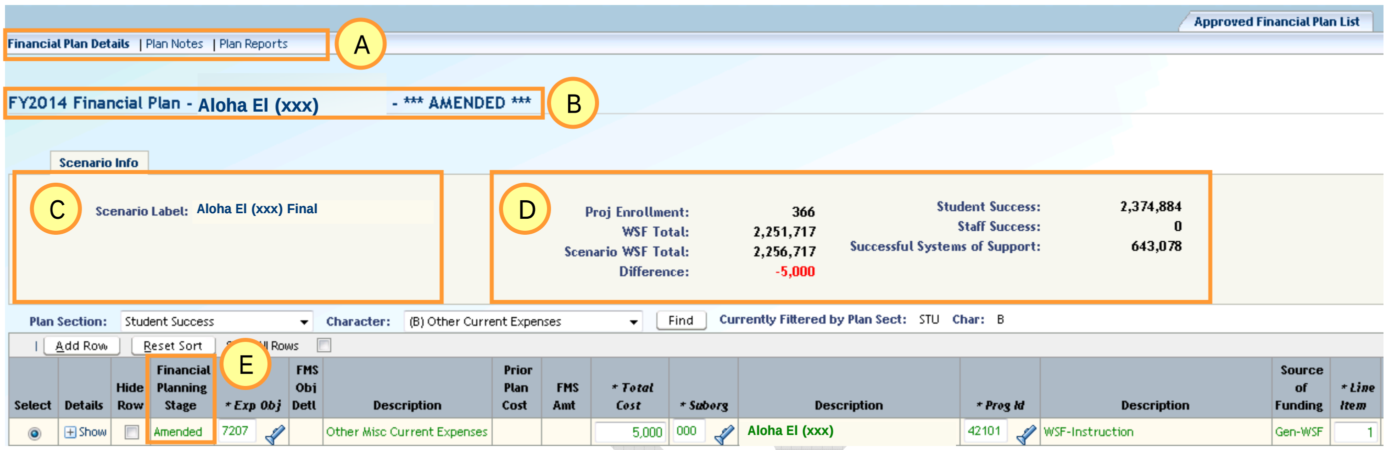
1. Under ***Module*** dropdown, select **Plan Amendments**. A
2. Select the Financial Plan to amend. B
3. Click on **Financial Plan Details**. C



Screen Overview

The Amended Financial Plan is based on the school's approved scenario from their Comprehensive Financial Plan. eHR creates a READ-ONLY copy of the all the rows and plan notes contained in the approved scenario.

The layout of the Amended Financial Plan screens is almost identical to the Projected Financial Plan screens. However, at this time, the Amended Plan will consist of one scenario only. Users will be unable to create multiple scenarios within the Amended Financial Plan.



A View menu bar that allows you to navigate through the Amended Financial Plan screens.

B Title for the current Financial Plan; indicates ***** AMENDED ***** to reflect the Amended Financial Plan.

C The Amended Plans only contain ONE scenario.

D The Plan Totals section summarizes the Amended Financial Plan's WSF total cost, scenario total cost, the difference between the WSF & scenario costs and the selected location's projected enrollment count.

E Shows the stage of the row created:

- **Projected** = Projected Financial Plan (Salaried and / or Comprehensive)
- **Amended** = Amended Financial Plan

Creating Plan Amendments

IMPORTANT NOTE: The Amended Financial Plan is **for planning purposes only**. Any changes made in the Amended Financial Plan **do not interface** with Budget, FMS, or initiate the establishment or abolishment of positions.

Glossary

Title	Description
Module	Different areas / functions in eHR.
Process	A Process is a task or series of tasks involving a workflow. The Financial Plan process, for example, may consist of starting, submitting and approving a Financial Plan.
Case or Process Case	For each process that exists, a process case represents an instantiation of that process. For example, "Prepare Projected School Financial Plan" has been defined as a process. By creating a new case, the user will have created a unique process case for maintaining their Financial Plan.
Start Process	Go to the "Start Process" screen to start a new Financial Plan Process Case.
Pending Case	Cases that require action by you.
Current Case	The selected case.
Scenario	A version of a School's Financial Plan. A School can have multiple Scenarios. For example, a School may want to have a version with emphasis on reading and another version with emphasis on math.
Clone Scenario	A cloned scenario is an exact copy of an existing scenario. Use this option to create a modified version of an existing scenario.
Default Scenario	A default scenario is an "original" Financial Plan prior to any changes being made. Use this option to create a brand new version of the Financial Plan, with original information.
Save Only	The Principal would select "Save Only" from the Actions dropdown list to Save all changes on the page for the selected Financial Plan Scenario.
Submit	The Principal would select "Submit" from the Actions dropdown list to Submit the selected Financial Plan Scenario to the CAS.
Re-submit	The Principal would select "Re-submit" from the Actions dropdown list to Re-submit the selected Financial Plan Scenario to the CAS.
Return	The CAS would select "Return" from the Actions dropdown list to Return the selected Financial Plan Scenario to the Principal for modifications.
Approve	The CAS would select "Approve" from the Actions dropdown list to Approve the submitted Financial Plan Scenario.
Cancel Process	Select "Cancel Process" from the Actions dropdown list to cancel the Process and ***permanently delete the entire Financial Plan Case***. To restart the Financial Plan, you must start all over.
Start Over	This is similar to "Cancel Process". This will cancel the Process and ***permanently delete the entire Financial Plan Case***. To restart the Financial Plan, you must start all over. The only data that will retained is the Process Case Name.
